ARIZONA DEALERS TURN TO CALIFORNIA

South Bay Auto Auction is an independent member of the National Auto Auction Association and we continuously monitor auction industry trends throughout the U.S. Recent Arizona legislation is creating a reduction in dealer attendance and negatively impacting sales results at auctions across the state.

South Bay Auto Auction will transport your vehicles from Arizona into the thriving Southern California used car market for only \$175 per vehicle. You probably already pay some transport fees so the additional difference is well worth it! This is a limited time offer to assist you in liquidating your inventory for its maximum value in a very competitive bidding environment. Our dealer attendance is up and Arizona dealers are coming to California auctions to buy their vehicles.

Give our staff a call today!
